

FLOWMATE SEH SERIES - TRANSFER PUMPS

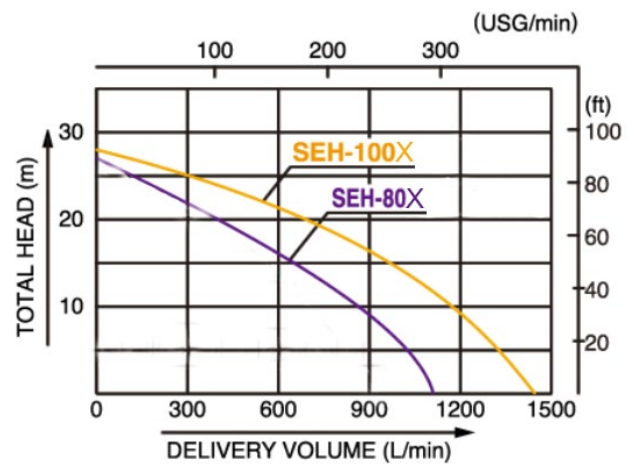

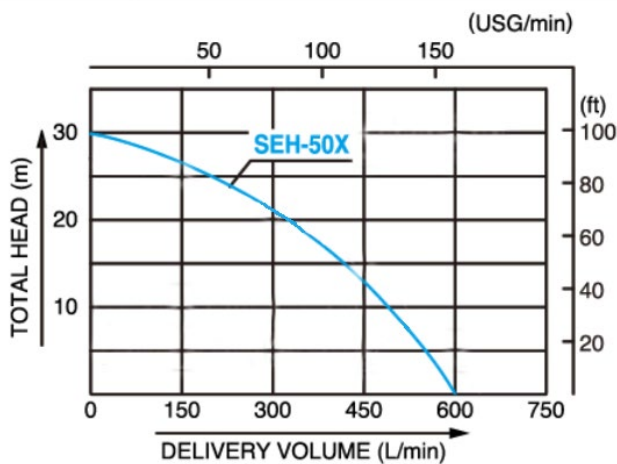

The “FLOWMATE” SEH Series are rugged and durable clean water transfer pumps. These HONDA powered, compact and portable units deliver good flows and heads and are ideal for farm use, tank to tank transfer or irrigation applications. All units are mounted in heavy duty roll frames with anti-vibration mounts and are supplied with complete nut/tails, strainer and an engine tool set.

ADVANTAGES

- Rugged and lightweight.
- Hose fittings and strainer.
- Roll cage for ease of handling & transport.
- Genuine HONDA engine.
- Japanese quality.

APPLICATIONS

- Water transfer
- Site pumping
- Irrigation
- Sprinklers
- Agriculture
