

## Submersible Drainer Pumps SFA Series

The SFA Series are commercial quality automatic drainer pumps suited for multiple applications. Heavy duty, rugged construction assures a long and economical operational life. These 'clean water' transfer pumps with heads to 10m and flows to 220lpm, are ideal for pumping dirty water containing light dirt etc. in suspension.

### Features

- Small, rugged & light-weight.
- Stainless steel motor casing.
- Automatic operation.
- Float switch.
- Handles 4mm spherical solids.
- Double mechanical seal plus shaft seal.
- Built-in motor protection.
- Semi-open impeller (bronze).

### Applications

- Civil engineering & construction.
- Industrial / commercial.
- Fountains & water features.
- General de-watering.
- Agricultural irrigation.

### Performance Table

Model	Power		Max. Flow Lpm	Max. Head (m)	Discharge (mm)	Spherical Solid Handling (mm)
	kW	Voltage				
SFA-0512N	0.4	220-240	220	10	50	4
